

- **Club Information** - This year we have a lot of changes happening at the club. We are about to sign a new six year lease with the rugby club which will mean an upgrade of our facilities and a closer working relationship with the rugby club. This will mean some changes to the downstairs area and a refurbishment of the changing rooms. We will also gain access to the main rugby club lounge at times.

- **Club House Keeping** - Please keep the club tidy by washing any used dishes or glasses, placing the chairs back into tables, and hanging up the bath mats after showering. Please remember to turn off the club room lights and fans on departure. Also, if you have used an over ride key to turn on the court lights, please ensure the over ride is turned off on your departure. Too often lately the lights have been left on over ride, and not switched off.
